About SABCA

SABCA is a tier 1 worldwide leading multi-technology aerospace supplier. Serving the world's leading aircraft and space launchers manufacturers, SABCA designs, develops, manufactures and maintains aircraft and launcher components and systems. The company asserts its expertise in 4 markets – Integrated Assemblies, Actuation Systems, MRO and Unmanned Systems, and achieved a turnover of 217 million euros in 2017. SABCA's Unmanned Systems Business Unit builds on the experience gained since 1920 to offer a range of services such as drone design, payload and systems integration, ground- and flight testing, drone qualification and certification, operations and inspection, maintenance, and repair activities. The company, which is listed on the Euronext stock market (EBR: SAB), conducts operations in the three Belgian regions and has one facility in Morocco.
