

HSE POLICY

We will do everything we can to protect the environment and guarantee the safety, health and well-being of our employees and visitors.

We commit to:

-  Preventing personal injuries, accidents and occupational diseases.
-  Preventing material damage to goods and assets.
-  Limiting process-specific emissions to the environment.
-  Preventing accidental emissions to the environment.
-  Reducing our ecological footprint and achieving continuous improvement.
-  Keeping and maintaining all industrial resources in accordance with the applicable legislation.
-  Providing function-oriented education and training to our staff.
-  Supporting the physical and mental well-being of our staff.

Our HSE-policy is established by the Senior Leadership Team, based on the recommendations of the HSE and quality departments.

The commitments mentioned above are monitored via objectives and KPIs. The management is committed to providing the financial resources, procedures and risk analyses that fully support this HSE policy.
